

# BEWARE YELLOW

## BABY JAUNDICE IS NOT ALWAYS NORMAL!

Every month a New Zealand baby is born  
with severe liver disease.

If your baby has **YELLOW SKIN** or **EYES**

and

**PALE POO**

or

**DARK URINE**

(yellow or brown wee)

=

Example of pale stools

Your baby needs a **SPECIAL BLOOD TEST**  
called a **Split Bilirubin**

See your Doctor or Midwife as soon as possible.
