

IMPORTANT POINTS

- Our camps are open to all children, from any country, of **8-15 years old**, who have received organ or bone marrow transplants.
- Most of the children have **never skied or snowboarded before**. Knowing how to ski or snowboard is not necessary.
- We supply and organize transport from Geneva airport to and from the camp. **Travel to and from Geneva are at the participant's cost.**
- The food, lodgings, ski clothes & equipment, ski instruction, ski passes 24 hour surveillance and all entertainment are supplied by us.
- There is a fee of **400 Swiss Francs** for camp participation which obviously does not cover our costs. Our sponsors, mainly Astellas Pharma Europe, subsidise the rest.
- **Every participant must have health and repatriation insurance.** Accident insurance is covered by us.
- Children can come alone or accompanied. Expenses for accompanying people are at their charge. Price lists and details of local hotels & apartments for accompanying people are available.
- Where necessary, we can sometimes supply, or countries can send, interpreters with the children. Please contact us on any queries.
- We have **qualified nurses on call 24/7** at camp and transplant specialists on site.
